Encumbrance

- In accordance with section 5960.15 of the California Welfare and Institutions Code (WIC), applicants will be required to commit to operating behavioral health services in the financed facility for the intended purpose for a **minimum of 30 years**.
- Bond BHCIP funding may not be used to fund behavioral health services or pay for the renovation/preservation of existing capacity.
- Bond BHCIP funds may only fund the expansion of new behavioral health capacity.
- Applicants must be prepared to clear property title and execute a Program Funding Agreement within 90 days of notice of award.

State Priorities

01.

Address urgent needs in the care continuum for people with mental health or substance use conditions, including unhoused people, veterans, older adults, adults with disabilities, and children and youth.

02.

Invest in behavioral health and community care options that advance health equity of behavioral health care and community options.

03.

Increase options across the life span that serve as an alternative to incarceration, hospitalization, homelessness, and institutionalization

04.

Meet the needs of vulnerable populations with the greatest barriers to access, including people experiencing unsheltered homelessness and justice involvement.

State Priorities (continued)

05.

Ensure care can be provided in the least restrictive settings to support community integration, choice, and autonomy.

06.

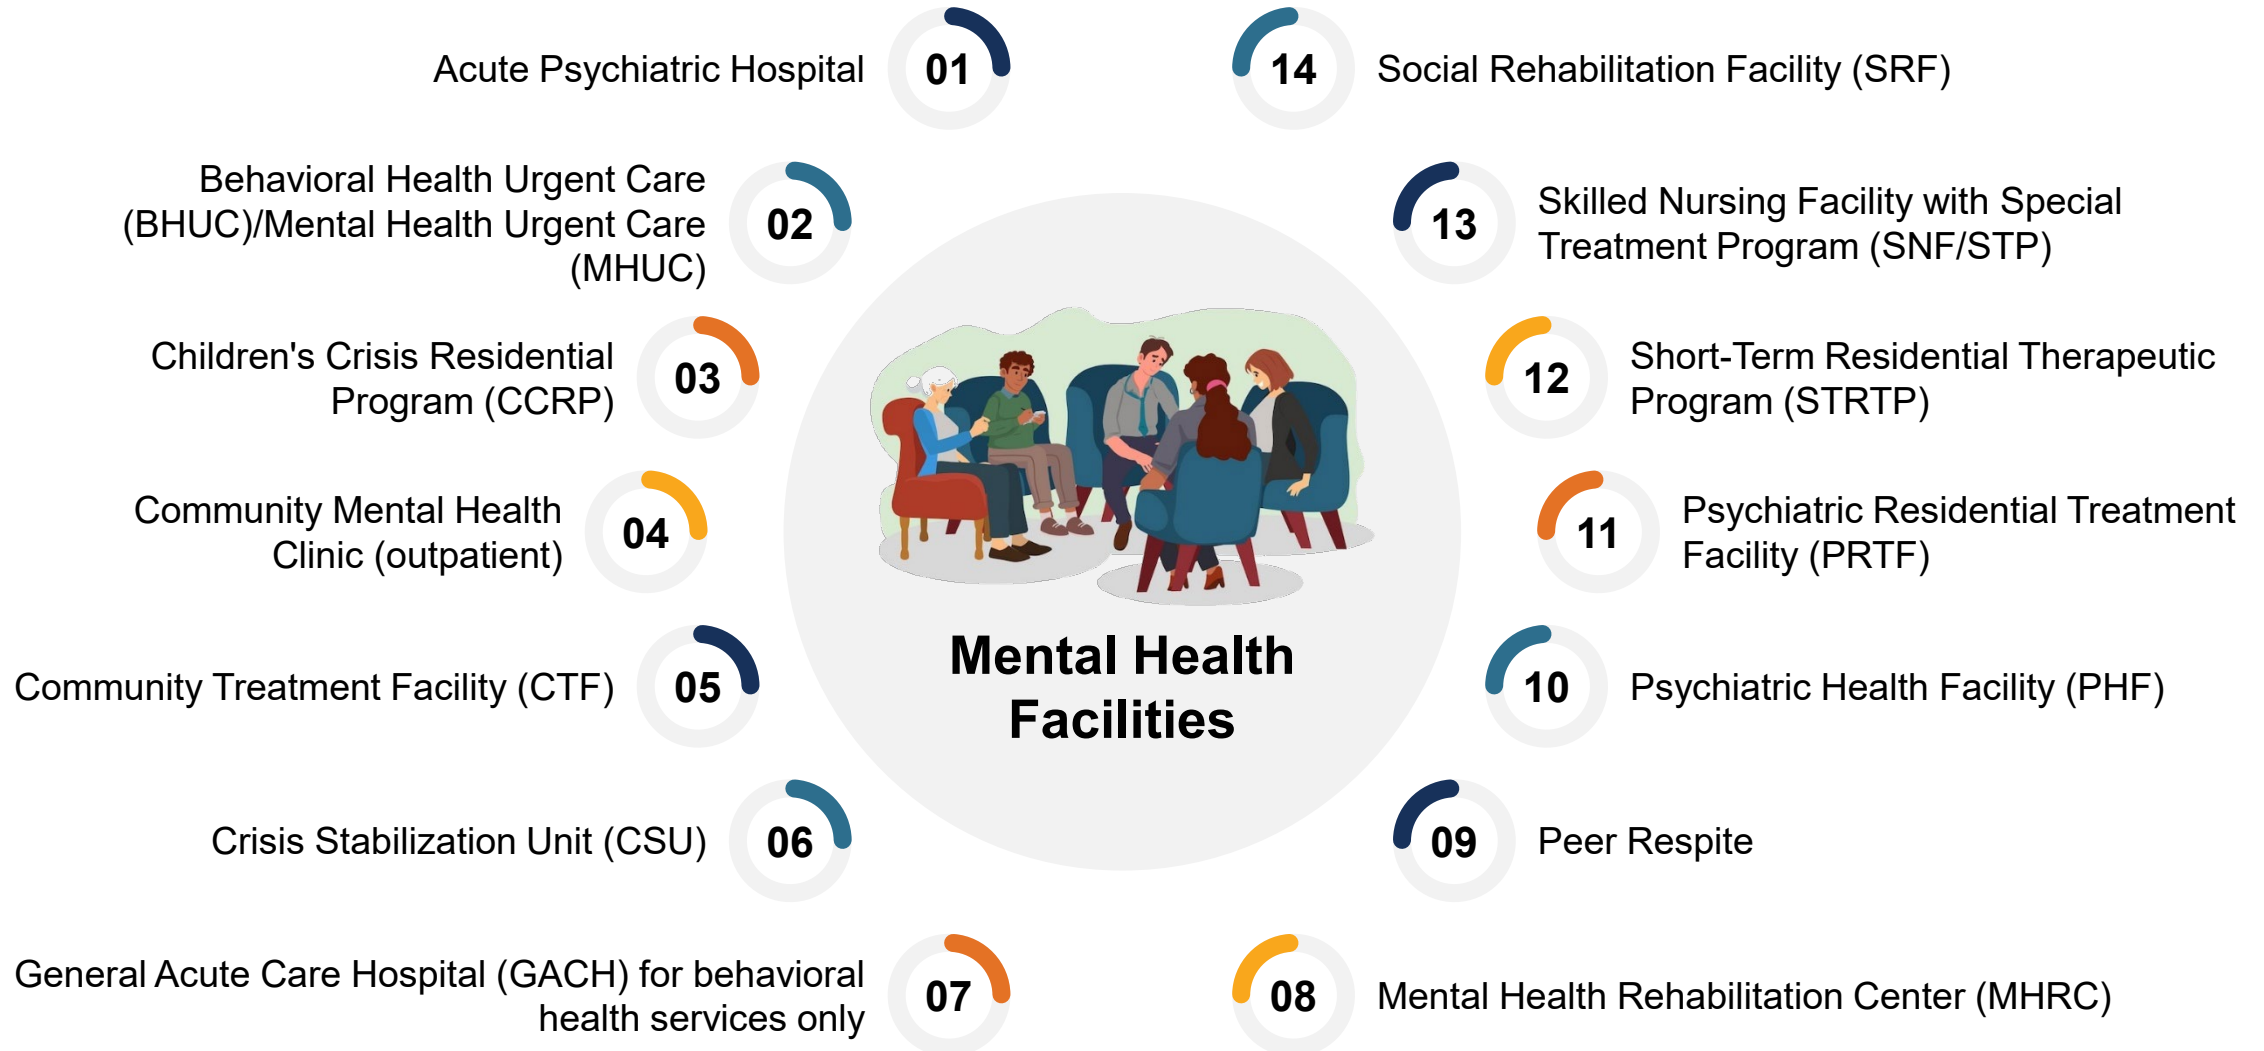

Leverage county and Medi-Cal investments to support ongoing sustainability.

07.

Leverage the historic state investments in housing and homelessness.

Eligible Mental Health Facility Types

Mental Health Facilities

Eligible SUD Facility Types

Substance Use Disorder (SUD) Facilities

01. Adolescent Residential SUD Treatment Facility
02. Adult Residential SUD Treatment Facility
03. Chemical Dependency Recovery Hospital
04. Hospital-Based Outpatient Treatment (outpatient detoxification/withdrawal management)
05. Narcotic Treatment Program (NTP)
06. NTP Medication Unit
07. Office-Based Opioid Treatment (OBOT)
08. Outpatient Treatment for SUD
09. Partial Hospitalization Program
10. Perinatal Residential SUD Facility
11. Sobering Center

Calculating Beds and Slots

- A “**bed**” refers to a physical bed in a facility that can accommodate one person per 24-hour period. This figure must reflect the actual number of individual physical beds that will be available after the residential/inpatient facility expansion is complete.
- **Treatment slot (aka “chair”) count** refers to the number of people a facility can treat at one time, based on how many chairs or rooms are available for scheduled behavioral health services (e.g., therapy or counseling). Slots should include chairs in group rooms and private offices for individual sessions.
- **Example:** An SUD residential treatment program currently has 10 beds available and will use Bond BHCIP Round 2: Unmet Needs funds to expand the size and service capacity of the facility to a total of 15 beds. The number of additional beds available after expansion with Bond BHCIP Round 2: Unmet Needs funds is 5.

Given that the average length of stay is 90 days, each bed will be used by approximately 4 patients per year. Multiplying 5 (the number of additional beds) by 4 (the number of patients using each bed) equals 20 additional patients served annually. This is the count of additional individuals served annually.

Regional Collaboration

A regional model is described as counties partnering to create established networks of organized systems of care.

If the project is considered a regional collaboration, the applicant must provide a letter of support (LOS) from a county official.

Campus Model

"Campus" is defined as three or more eligible behavioral health facilities that are collocated at the same site, including existing facilities (non-BHCIP/Bond BHCIP funded) and Bond BHCIP Round 2- proposed facilities.

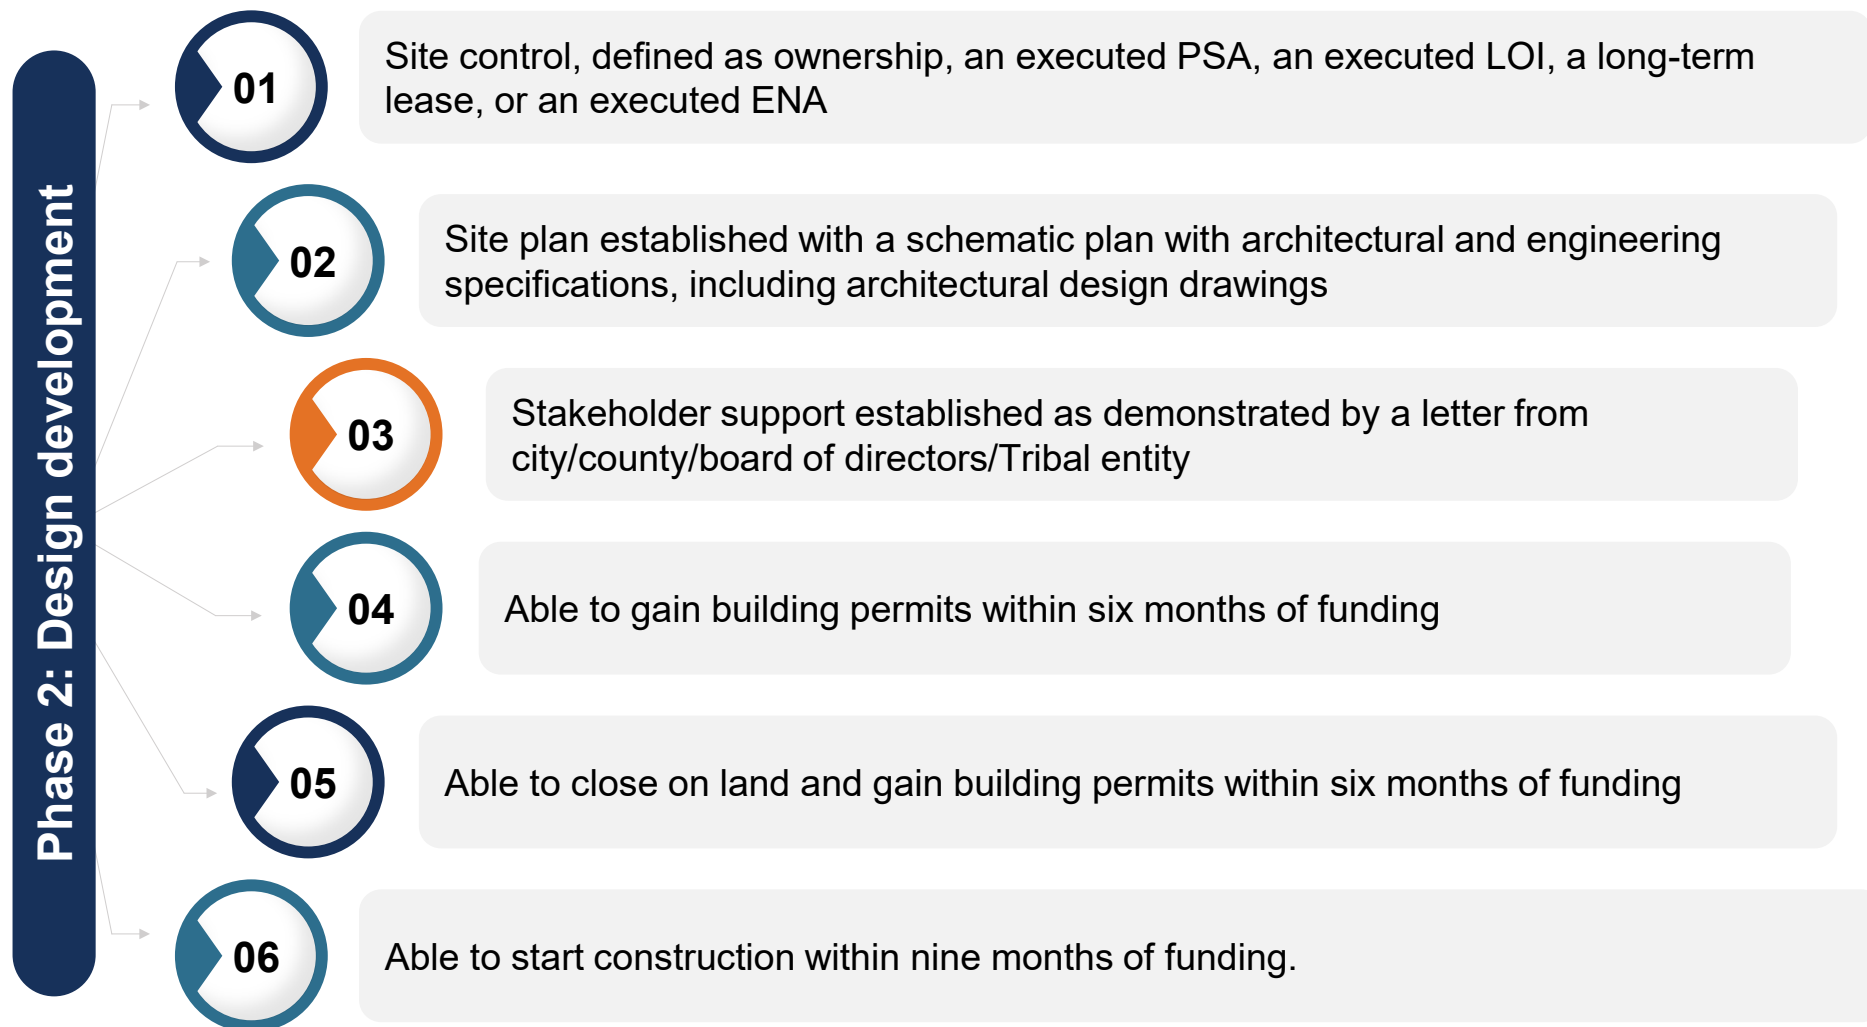

If the project is considered a campus, the applicant must have 3 or more eligible facilities detailed in the application

Phases of Development

Phases of Development

Phases of Development

Final Phase: Construction

Projects that rehabilitate or renovate an existing facility are allowable as long as they result in an expansion of behavioral health services for the target population. Only the new capacity expansion is eligible for Bond BHCIP funding.

Facility Type Licensing and Certification

Applicants should ensure they are aware of state licensing requirements for each proposed facility. Resources for licensing requirements can be found in either of the following:

Tips for Applying: What Is Match?

Total Match Required = Total Grant Award * X% (X depends on the entity type)

Local governments and nonprofit organizations: 10%;
for-profit organizations: 25%; Tribal entities: 5%

Entity shall meet the conditions in section 5960.15 of the California Welfare and Institutions Code (WIC).

Three types of match: cash, in-kind property equity, sunk costs. Match is not eligible for reimbursement.

AHP will confirm amount/type within 7 days of the date on the Notice of Award. Match may not be changed after application submission.

Tips for Applying: What Are Sunk Costs?

Sunk Cost

- Sunk cost is **any money** (for land, soft, or hard costs) spent by the Sponsor **before the award “effective date”** for the project that has been approved.
- Sunk costs are a credit against the required match amount.
- Sunk costs pledged as match are not reimbursable.

Time Frame

Start date: Reimbursable costs incurred one year before the Notice of Award

Effective date: date of Notice of Award

Draw Request

Sunk costs and related documentation must be submitted to **AHP within 7 days of the post-award kickoff webinar.**

Tips for Applying: Incurred Costs Versus Sunk Costs

Incurred costs

- Are incurred **after** the date of the Notice of Award
- If eligible and allowable, are reimbursable through **Program Fund draws** after contracting and compliance

Sunk costs

- Project costs **before** the Notice of Award
- Are **not** reimbursable through Program Fund draws
- May be used as a match, if eligible and allowable, and must be included in the application

Relocation (displacement costs) are not eligible for reimbursement with Program Funds.

Real Estate Office Hours

Real Estate Office Hours
will be available to
applicants who would
like to schedule a time
for real estate-specific
Technical Assistance
(ends October 23, 2025).

Project Funding

- All Bond BHCIP Round 2 applicants should be aware that awarded funds may not be available until winter 2027 at the earliest. Conditional awardees will be required to submit a monthly projection of their project's expenditure plan for the entire duration of the project, **including Bond BHCIP funds and cash match, if applicable.**
- Ongoing Bond BHCIP Round 2: Unmet Needs funding is dependent on the accuracy of each sponsor's projected funding needs and requires final approval from the State Treasurer's Office.

Project Budget

Financial information and numbers submitted in the application narrative must align with the corresponding entries in the budget template.

All construction-related labor or onsite physical engineering labor must be budgeted at prevailing wage rates for the applicant's region in the state.

A complete and accurate budget is an essential component of the application as it is assessed for award consideration.

Next Steps and Resources

Application Access/Submission

- Double-check application responses to confirm there's no conflicting information.
- Provide strong narratives throughout the application.
- Ensure that all data (budget, beds/slots, populations served, etc.) matches across the application.
- Submit no later than October 28, 2025, at 5:00 p.m. PT.
